

It's time to get human again with Dale Carnegie Training® – the original and still the best resource for developing the people side of business.

HIGH IMPACT PRESENTATIONS

Communicators get ideas across with enthusiasm and poise.

A presentation is one of the most important tools you have in business for getting things done. Whether you're persuading colleagues, selling a client, energizing a team or showing an idea to senior management, the power of your presentation makes the difference between success and failure.

With so much riding on your presentation ability, you won't want to miss this opportunity to sharpen it to perfection.

The experience in this seminar is as close as you can get to having a personal coach. You begin presenting from almost the moment you walk into the class. You present at least seven times over the course of two days. Your presentations are videotaped and evaluated. And you get expert, one-on-one coaching at the end of each presentation.

We are so confident that the immersion method used in High Impact Presentations will make you a star presenter that we make this unique, additional guarantee: If, after your first real presentation upon completion of this seminar, no one congratulates you on your new ability, just let us know and we'll refund your money. It's that simple.

The class is small. The environment is supportive. The work is intense. And the results are outstanding. Join us.

Note: Because of the one-on-one coaching, class size is very limited. Register now to insure a spot in this great experience.
